STARTLE, Sire of

SEASON OF 1887.

The fashionably bred stallions, **NUTBOURNE** and **STARTLE** will make the season of 1887 at my farm, three miles east of Tarrytown, Westchester Co., N. Y., and twenty-five miles from New York city.

Terms, for *Nutbourne*, \$150 to insure a foal. Insurance money due before mare is served, but refunded if mare does not prove in foal. For *Startle*, \$100 the season. Mares not proving with foal to Startle may be returned the following season free of charge.

NUTBOURNE, g. h., 16 hands high, foaled 1877, by Belmont, dam Miss Russell, the dam of *Maud S.*, record 2:08¾, by Pilot, Jr., second dam Sallie Russell, by Boston (thoroughbred), etc. As will be seen, Nutbourne is not only out of the dam of Maud S., but he is a full brother to Nutwood, record 2:18¾, and Cora Belmont, record 2:24¾. As a five-year old Nutbourne trotted, with very little handling, in 2:26¾, last quarter in 35 seconds; but since then has not been trained, as he has been used exclusively for the stud. I have had a great many applications from Kentucky to allow Nutbourne to stand there, but have declined to do so for the present, as I wish to breed a number of my own mares to him. Next year he may go to Kentucky. Nutbourne's full brother, Nutwood, was sold at auction at the recent Glenview sale for \$22,000, and is so popular that his services have been raised to \$350. He is the sire of Felix, record 2:18¾, Dawn, five-year old record, 2:19¾, and eleven others in the 2:30 list.

STARTLE is a bay horse, 15¼ hands high, by Hambletonian; dam Lizzie Walker, by Seeley's American Star—and although he has had but a very limited opportunity in the stud, is the sire of *Majolica*, record, 2:15, *Portia*, record, 2:29¼, and *Aero*, four-year-old record, 2:31. Westchester, by Startle, trotted a mile in 2:29 over my track as a three-year-old. Loretta trotted a mile over the same track in 2:24, and Alley Bonner, also by Startle, trotted over Carl Burr's track a trial in 2:24¾. Many other instances could be given, such as a five-year-old and a four-year-old, owned by Mr. Ewart of Pittsburgh—the former having trotted in 2:33 and the latter in 2:38. Startle is not only a sire of trotters, but is a very fast horse himself, being the first horse to trot a mile in 2:19 over old Fleetwood Park.

I have no room for mares on my place, but they can be kept on Mr. George W. Campbell's farm, just on the opposite side of the road from my farm, on reasonable terms. Mr. Campbell makes a specialty of taking care of trotting stock.

JOHN H. SHULTS, PARKVILLE FARM,
Brooklyn, N. Y., Dec. 20, 1886.

MR. OTTO KORNEMANN, New York.

Dear Sir :—In answer to your letter inquiring as to the satisfaction of the use of the Peat Moss, I will say it is the cheapest for bedding of anything I ever heard of, unless it is the bare floor itself, and next to that is sawdust; either of the two is very objectionable to the horse. *It does away with the stinking of horses in training.* I think one bale of Peat Moss will keep a horse comfortably bedded in a stall 12 x 12 from two to three months with proper care. I use it under all my horses now; my pet horse "Pat Mast" enjoys it immensely; there is no slipping in stalls in getting up.

Yours truly,

JOHN H. SHULTS.

CORNER CHESTNUT AND BROAD STS.,

Philadelphia, Pa., Dec. 7, 1886.

MR. OTTO KORNEMANN, 14 Platt St., N. Y.

Dear Sir :—I have pleasure in stating that I have used the O. K. Brand of Peat Moss Stable Bedding for six months, and that I consider it the most durable, healthiest and cleanest bedding I ever used. It also keeps the horses' feet in perfect condition. The cost of bedding with Peat Moss is less than with straw.

Yours truly,

R. STEEL.

The O. K. Brand of PEAT MOSS STABLE BEDDING,

IMPORTED FROM GERMANY,

Deodorizes the manure and thereby produces PURE AIR so necessary to the HEALTH of the animals, who have otherwise to inhale the obnoxious ammonia gas. It makes a SOFT, CLEAN bed, and horses' feet undergo a radical change, inasmuch as they become soft where they had been hard. Horses require LESS GROOMING owing to the CLEANSING PROPERTIES of the Peat Moss. When IGNITED it only SMOULDERS and does not, by flaming up like straw, endanger the lives of horses and cattle, as well as the building. It is a disinfectant. It yields a rich fertilizer, worth more than the cost of the bedding.

If properly used, from one to two bales will suffice for one horse per year.

It will be seen that its LASTING qualities alone make it worth DOUBLE THE PRICE OF RYE STRAW, and four times that of wheat, oat, or rice straw.

Sold in Bales of 22 cubic feet; from 60 to 66 Bales to a Car Load of
20,000 pounds.

PRINCEPS { By WOODFORD MAMBRINO, 2:21½. Dam by Alexander's Abdallah, sire of Goldsmith Maid, 2:14. (Limited to thirty outside mares.)

SIRE OF THE FOLLOWING TROTTERS:

Trinket, 2:14.	Princeton, 2:23¼.	Editor, 2:23¾.	Prince, 2:24½.	Geneva, 2:25¼.
Granby, 2:25½.	Guitar, 2:29¾.	Feme Sole, 2:30.	Greenlander, 2:24¼.	Hettie Pearl, 2:27.
Earl, 2:28¼.	J. W. South, 2:29¼.	Romance, 2:29½.	Farce, 2:29¼.	

Also sire of the dam of Epaulette, 2:19.

Princeps stands in the proud position of having sired more 2:30 trotters than any other stallion of his age that ever lived. Seven trotters by Princeps entered the 2:30 list in 1886, a larger showing than that of any other living stallion. Up to Jan. 1, 1887, he had but one hundred and twenty colts four years old and over. Of these, only forty have had as much as one season's training, and out of this small number fourteen have secured records ranging from 2:14 to 2:29¾, while five more have trotted trials or obtained records from 2:24½ to 2:35. No other stallion of his age can equal this exhibit.

ARTHURTON. By HAMBLETONIAN, dam by American Star.

Sire of Arab, 2:17½; Joe Arthurton, 2:25½.

WALSINGHAM. By GEORGE WILKES, 2:22, dam by Mambrino Pilot, trial 2:35.

Full brother to Prospect Maid, 2:23¼.

The above Stallions will make the season of 1887 at \$100, with privilege of return.

INDIAN HILL offers at private sale about seventy-five superb young stallions and fillies from two to five years old, out of a lot of grandly bred brood mares. Many of these mares are the direct winners under 2:30, three have produced two in the list, and a considerable number have records below 2:2½, and a choice lot of young stock offered includes many sisters and brothers to 2:30 horses, such as full brothers to Walker, sole, 2:20; Geneva, 2:25¼; Granby, 2:25½, and one out of Pantalette, dam of Epaulette, 2:19 (sold for \$250), the superb young mares Eglantine (trial of half-mile in 1:15), full sister to dam of Epaulette, 2:19; sa sire, foal to Director, 2:17; Hecuba, trial half-mile in 1:17 when two years old, by Princeps, dam by Messenger, Duroc; second dam by Hambletonian; third dam by American Star, in foal to Director, 2:17; Incog., three years, by Nutwood, 2:18¾; dam full sister to Trinket, 2:14. The elegant five-year-old mare Geneva, record of 2:25¼, a perfect track or road mare, should beat 2:20 this year, by Princeps, dam by Hambletonian, with other fast ones, can be purchased. *Every animal in the catalogue is standard.*

Several young stallions can be bought for amounts they should be able to earn this year in the stud. Usual terms cash, but satisfactory, secured paper, with interest, may be accepted.

1887. SEASON. 1887.

Four standard sons of the mighty George Wilkes, standard under Rules 1, 3, 4, 6 and 7, the greatest sire of trotters that ever lived.

EAGLE BIRD,

Standard under Rules 1, 6, 7 and 8, \$125 cash. Dam, Tansey, the dam of Butterfly, 2:19½. Two-year-old record, 2:30¼; three-year-old record, 2:23¼, and four-year-old record, 2:21.

Eagle Bird is the greatest stake winning, the best bred and fastest four-year-old colt the world ever saw. We believe he has won more stakes than any other colt, and being inbred to the mighty George Wilkes, who is undeniably the greatest, he is of course the best bred. His race against Jerome Turner, in the free for all at Lexington, August, 1886, makes strong claim for his being the fastest.

Look at the summary:

Jerome Turner.....	1	1	1
Eagle Bird, 4 years old.....	2	2	2
Post Boy.....	3	3	3
Time.....	2:20½	2:16½	2:15½
Eagle Bird's time.....	2:21	2:18½	2:18

The last half in 1:07¾. We do not know of any four-year-old colt that has ever come within a long way of trotting such a race.

\$100. JAY BIRD, \$100.

Standard under Rules 4, 6, 7 and 8, \$100 cash. Full brother to the great four-year-old, Early Dawn, 2:21½, and sire of the best two-year-old, Eagle Bird, 2:30¼, three-year-old record, 2:23¼; four-year-old, 2:21.

LUMPS, 2:21,

Sire of Snooks, 2:30. \$75.

A WILKES and a NUTWOOD

IN THE STUD AT WILKES-BARRE, PA.

DEFENDER and GREYLOCK.

Defender is by **GEORGE WILKES**, the greatest trotting sire that ever lived. His dam is *Mist*, a typical Black Hawk mare of great beauty, speed and stamina, by Ward's Flying Cloud, by Vermont Black Hawk. Defender has a record of 2:26, but those who know him best believe that this is not the measure of his speed. He is a black, $15\frac{3}{4}$ hands high, and weighs 1125 lbs. We challenge the world to show a handsomer trotting stallion. As proof that this is no empty boast we cite the fact that Defender was *never yet vanquished in the show ring*, although he has been pitted against the best in the land. As further proof that he is not "all pedigree and no horse" we cite the fact that the people of this vicinity, who are not particularly well versed in pedigrees but know a good horse when they see one, patronized him to the extent of 74 mares the first season, that of 1885, and increased the number to 106 in 1886. The oldest of his get are now but about six months old. From \$200 to \$500 has been offered for numbers of his get and refused.

Terms, \$50 cash, with return privileges.

Greylock is a bay, off hind ankle grey, will be 16 hands and weighs 1200 lbs. or more. Foaled in 1884; bred by J. C. McPenan. His sire is the celebrated Nutwood, 2:18 $\frac{1}{2}$. Greylock's dam is Patchen Maid, by Mambrino Patchen; second dam, Lady Eleanor, by Mambrino Chief.

Nutwood had 17 in the 2:30 list at 16 years of age, and sold at public auction, when nearly 17, for \$22,000. Of the fourteen animals composing Greylock's pedigree to the fourth generation, every one but three has already produced one or more 2:30 trotters. In form, size and promise of speed, Greylock is equal to his breeding.

Terms, same as Defender, but limited.

Mares from a distance can be shipped to Wilkes-Barre by either the Lehigh Valley, Lehigh and Susquehanna, Pennsylvania, or Delaware, Lackawanna and Western Railroads. They will be met at the cars, and pasture furnished at \$1.00 per week, or \$2.00 for hay and oats, or \$70 per year. Good care guaranteed but no risk of escapes, etc., taken.

Season of 1887 at Highland Stock Farm,
LEXINGTON, KY.

GEORGE WILKES,

Measured by the 2:20, the 2:25 and the 2:30 standards, was the greatest sire of trotters that ever lived. By the same measure his sons rank as follows:

	Phil Thompson	2:16 $\frac{1}{4}$	Alcantara has sired	White Socks	2:24 $\frac{1}{4}$
	Prince Wilkes	2:20 $\frac{1}{4}$		Alpha	2:25 $\frac{1}{4}$
	Ernestine (pacer)	2:24	King Wilkes has sired	Oliver K.	2:16 $\frac{1}{4}$
	Whipsaw	2:25 $\frac{1}{4}$	Jay Bird has sired	Eagle Bird (4 years old)	2:21
Red Wilkes has sired	J. R. Shedd	2:28 $\frac{1}{4}$	Acyone has sired	Silverone (3 years old)	2:24 $\frac{1}{4}$
	Oriana	2:29	Fuller Wilkes has sired	David L.	2:24 $\frac{1}{4}$
	Wayne Wilkes (pacer)	2:29 $\frac{1}{4}$	Mambrino Wilkes has sired	Gus Wilkes	2:27 $\frac{1}{4}$

Young Jim has sired	Butterfly	2:19 $\frac{1}{4}$			
	Garnet	2:28			

We go by THE RECORDS, which, as the official count, show Red Wilkes considerably in the lead.

RED WILKES

stands as the King of Wilkes Stallions.

No fair minded man can look at the 2:30 records and dispute the above statement. Some son of George Wilkes may possibly in time outrank him as a sire of speed, but at the beginning of 1887 he is certainly far ahead of his nearest competitor for the honor of being the greatest son of the greatest horse that ever lived.

His success cannot be attributed to superior advantages, for he has not been at the head of a great establishment, whose owner was able to give him mares suited to him in breeding, conformation and disposition. He has, on the contrary, been used as a public stallion and allowed to cover alike the good, bad and indifferent mares of the sections in which he has stood.

We do not claim that RED WILKES has had no show, for we do not think that all of the best mares are in the possession of the large establishments; but we can safely say that his opportunities, when compared to the sons of George Wilkes, to which owners could give and have given the best mares money could buy, have been limited. There are sons of George Wilkes that have covered three HIGH-BRED mares to RED WILKES' one, but he has gotten the trotters, and gotten them from all kinds of mares.

It is unnecessary for us to here dwell on the merits of the youngsters by him that have trotted for and won colt stakes, nor do we care to do more than call the attention of breeders to the fact that many of his get have won races and have marks close to 2:30, made on indifferent tracks. The day of those colts and horses is to come and will come. THE BASIS is 2:30, and though we firmly believe that with an equal chance RED WILKES will soon outrank any stallion whose services are offered to the public, we prefer to claim for him no performers whose records are not within that line. His season fee is \$150, which, considering the way his colts are trotting and selling, is certainly reasonable.

A HORSE DEPARTMENT,

which is under the supervision of Hon. JOSEPH BATTELL. This gentleman has able assistants, and spends a large portion of his own time in traveling and obtaining authentic information from living witnesses as to the real origin of the trotting stock of the country. Extensive correspondence is also kept up, and as a result the *Register* contains more

FRESH NEWS ABOUT OLD FACTS

in the specialty of trotting pedigrees than any other paper in America. It contributes every week valuable and authentic contributions to the true history of this great American interest, and should be read by every horseman. TROTting AND PACING INFORMATION.

In connection with the compilation of his statistical works, the undersigned has a very large correspondence, and is kept well posted—perhaps better than any other man in the country—in regard to the pedigrees and performances of the trotting and pacing stock of the country. Any facts not known to him are yet accessible, because of the reliable correspondents he has in all parts of the United States and Canada. People are frequently at a loss to obtain information that the undersigned can readily supply, and letters to the sporting papers involve a delay before the answer is received, and the replies are frequently unsatisfactory. The ready way to obtain speedy and correct information is to write to the compiler of this work, inclosing a fee of \$1, and the answer will be sent by return mail, if possible, and if not, as soon as the facts can be ascertained. In cases involving much investigation the fee, of course, is higher.

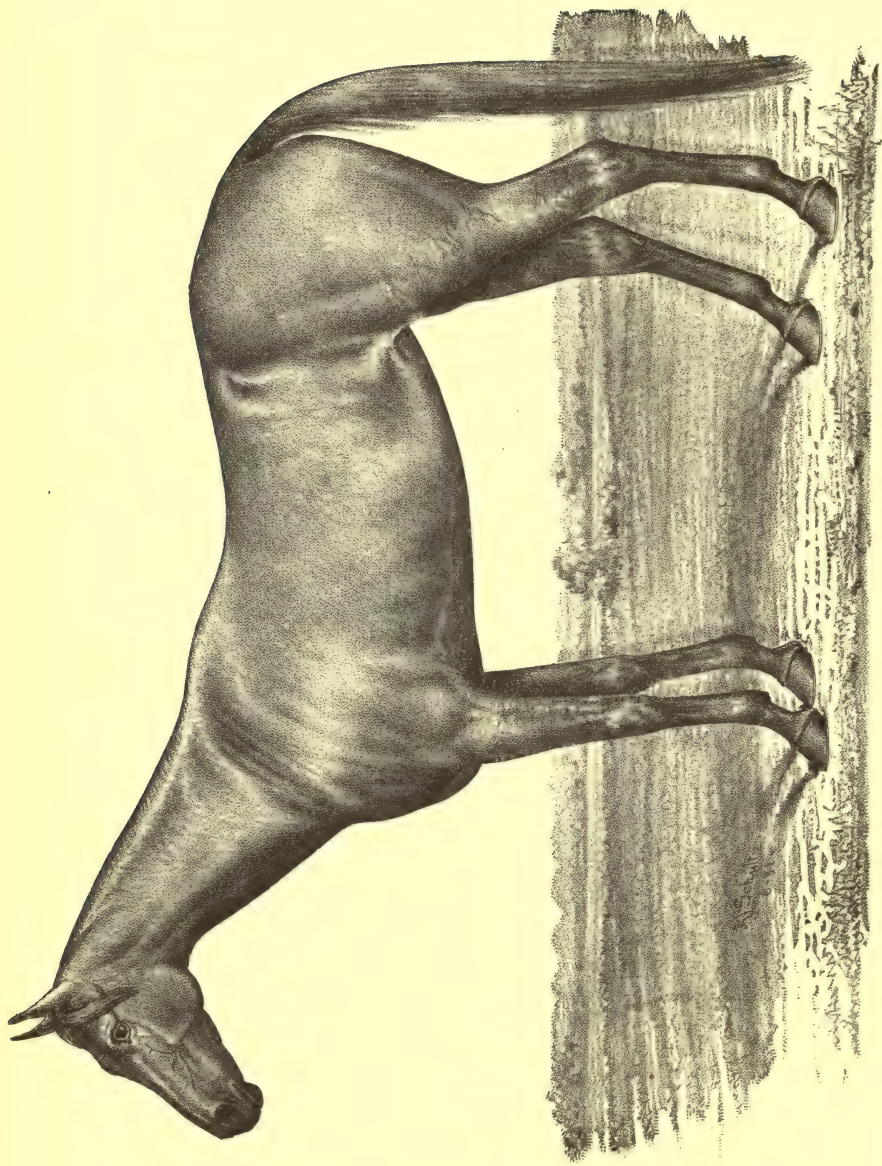

Pedigrees of trotters or pacers will be traced and tabulated at reasonable charges, the amount depending upon the difficulties involved and the style in which the pedigree is to be prepared.

Breeders desiring to issue catalogues, either for stock or sale purposes, can make arrangements with me for the entire work, printing, press-work and binding included, and satisfaction guaranteed.

Cases conducted before the Board of Review, horses bought or sold upon commission, etc. All dealings in strict confidence,

ANNOUNCEMENT.

NEW YORK, March 15, 1887.

THE publication of this third Supplement to "Chester's Complete Trotting and Pacing Record" is the best possible indication that the work is a permanent one. Its authority in questions of record is now generally recognized throughout the country. Whatever credit the compiler can claim for the amount of excellence the work contains is due to no originality or brilliancy, but to persistent hard work and conscientious attention to the most minute details. Whatever faults of omission, if any, there may be in it are due, not to him, but to the horsemen of the country, who have failed to supply the information at their command. More money has been spent in postage and circular letters, and in special expeditions to secure accurate data for this Supplement, than the entire cost of the edition of its only rival in this branch of statistics. My motto is, that a thing that is worth doing at all, is worth doing well; it is my belief that horsemen desire a yearly book giving complete summaries of *all* races trotted or paced in the United States or Canada, and compiled correctly, and it is my aim to give them such a book. In making the compilations, it is my habit to take the word of reputable men in matters of pedigree or performance, when there is nothing improbable in the statements, and nothing known to the contrary, and not to smother facts for the sake of useless investigation. I am happy to say that the confidence I have reposed in the horsemen of America in this respect has not, to my knowledge, led me into a single error of consequence; and to that confidence is largely attributable, no doubt, the unquestioned superiority in fullness and accuracy of these works.

The price of the works is now fixed as follows, there being the parent volume of about 1,000 pages, bound in half Turkey morocco, complete to the close of 1883, and Supplements for each of the years of 1884, 1885 and 1886 :

CHESTER'S COMPLETE TROTTING AND PACING RECORD.

SUPPLEMENT FOR 1886.

EXPLANATION.

The names of horses in black type, arranged in alphabetical order, are those of the winners of the races, and under each horse's name the races won by him appear in chronological order. All races are trotting, mile heats, best three in five, in harness, unless the contrary is shown by the time, stated at the conclusion of the summary, or a different way of going indicated by proper signs. After the name of the winner appears his description, as "bs," for bay stallion, "br g," for brown gelding, "gr m," for gray mare, etc. The following figures, in heavy type and in parentheses, show the best record of the horse to the close of the year 1886. Then follow the pedigree of the winner, when known; the name of the nominator, place and date of race, amount of money trotted for, and the name of the horses beaten, in the order of their standing at the close of the race, and last comes the time of the heats. The ordinary signs are used to denote the incidents and casualties of the race. Thus, the character "0" in connection with a number in a bracket indicates that the horse, whose name that sign follows, made a dead heat in accordance with the number, viz.: (30), signifies third heat dead. The abbreviation "dr" signifies drawn; "dis" distanced; "ro," ruled out; "wo," walk over, etc. Figures following the name of a beaten horse show that he won the heat or heats corresponding with the number. When the letter "w" follows the name of a horse, it signifies that he went to wagon, and the letter "s" that he went under saddle. In cases where a horse has a record to harness, or wagon, and a faster one under saddle, both are given. When an asterisk (*) is attached to the figures usually denoting a record, it signifies that the time, being over a short track, is a bar and not a record. The summaries preceded by dashes (—) are subsequent victories of the horse whose description and record have been given, and in these, if the name of nominator, or of place of trotting, or of both of these, are not given, it signifies that they are identical with those of the race immediately preceding. It sometimes happens that a horse winning as a stallion wins later as a gelding, in which case the castration is shown by the change in the description, but there being no renewal of the name, it will be understood that it is the same horse under changed conditions. In order to keep them of record, losing performances against time are given under the name of the losing horse, as a part of his history, and the fact that he lost is mentioned in the summary. The numerals at the right of the printed pages divide them into blocks of ten lines each, for convenience of reference in the Index of Beaten Horses, and the reader is referred to the explanation preceding that Index.

INDEX TO BEATEN HORSES.

In the following Index the names of horses who trotted or paced during the year 1886, and were beaten in any of their races, appear in alphabetical order. The figures in parentheses following the descriptions of the horses denote their best records to the close of 1886. Pedigrees are given when known, and not to be found in the body of the book in connection with the name of the horse as a winner. The ensuing figures denote the pages of the book in which the trotter or pacer performs as a beaten horse, and the smaller "superior" figures indicate the particular section of a page in which to look for the name, these corresponding to the side notes on the pages containing summaries. When a page reference is enclosed in parentheses, the best record of the horse will be found in the page and section to which reference is thus made. In the frequent cases where a faster record is ascribed to a horse than appears in this volume, the information as to when, where and under what circumstances it was made, can be found in earlier volumes of Chester's Complete Trotting and Pacing Record.

Having decided not to sell any young stock until we have matured and developed some of them, so that the public can know their value when offered for sale, we shall not issue a catalogue this year. Our confidence in the get of above Stallions has induced this move, believing it would be more remunerative to ourselves and more satisfactory to the public.

Stallion Circulars furnished on application.

HENRY C. JEWETT & CO., Buffalo, or Willink, N. Y.

The records which had been accumulating in the office of Wm. T. Porter were purchased as a plant for the **TURF, FIELD & FARM**, and this now popular journal was established in 1865. It is the organ of the great breeding interest. Its office is the place where thoroughbred horses are registered, and where the trotting and pacing records are compiled and published. The journal also has the closest relations with Athletes, Oarsmen, and all who patronize field sports. It established Bench Shows, Field Trials, and Gun Trials in America. The champions of all kinds have signed articles of agreement for great matches in the office of the **TURF, FIELD & FARM**. The paper is a live one, sparing no pains to collect the freshest information; it also is fearless in discussion, being vigorous in the expression of intelligent thought; its views are widely quoted in America and Europe. It is the cheapest and best publication of its class. There is no better general advertising medium.

NEWSDEALERS THROUGHOUT THE WORLD HAVE THE **TURF, FIELD & FARM** ON SALE.

YOUNG TROTTING STOCK FOR SALE

CONSISTING OF

STALLIONS, BROOD MARES, COLTS, AND FILLIES.

The stock offered are the results of coupling such stallions as Jay Gould, 2:20½, Gen. Knox, 2:31½ (trial 2:24 at sixteen years old), Rumor, 2:24¾ (by Tattler, 2:26, the best son of Pilot, Jr.), Slander, 2:28½ (by Tattler), Stranger (dam Goldsmith Maid, 2:14), Gen. Washington (dam Lady Thorn, 2:18¼), and Socrates, 2:34¼ (at four years old), to such renowned performing mares as Goldsmith Maid, 2:14 (114 heats in 2:20 and under), Lady Thorn, 2:18¼, Lady Maud, 2:18¼, Lucy, 2:18¼, Rosalind, 2:21¾; also dams of Music 2:21½ (trial 2:18¾), Opal, 2:23, May Bird, 2:21, Patti, 2:25¼, and many other noted record and producing dams.

The most intelligent breeders are rapidly becoming confirmed in the belief that the dam has more influence upon the foal than the sire, and there has never been such a collection of FAMOUS BROOD MARES as at

FASHION STUD FARM.

Its MOTTO has ever been : "*Breed speed to speed to get speed.*"

The very satisfactory results of the past will be surpassed by those of the future.

Among the foals due in 1888, such sires as Pancoast, 2:21¾, Eagle Bird, 2:21, Monte Cristo (brother to Lumps, 2:21), Red Wilkes (sire Prince Wilkes, 2:16), Sultan, 2:24, and Jersey Wilkes will be represented, they having been bred to some of our best mares, which will foal soon.

Catalogues for 1888 (second edition just out) sent FREE.

The stock can be examined, and visitors are welcome at

VICTOR VON BISMARCK, dam Hattie Wood (dam of Gazelle, 2:21), by Sayre's Harry Clay, 2:29. In his top crosses he is brother in blood to Electioneer, and is supported with the stout four-mile running blood of American Eclipse and imported Diomed. Bismarck's oldest produce in Kentucky are four-year-olds. He has to his credit for 1887 Kentucky Hambletonian, four-year-old record 2:27; the unbeaten Edgemark, winner of four races, two-year record in August 2:33—the best ever made in summer months; Hambrino Bismarck's one-year-old record 2:49½, best ever made in a race with other colts. Insurance \$200; book full for 1888.

IDOL, own brother to Bismarck, sire of Pickwick, 2:29½. Insurance \$100.

TWILIGHT, dam Mary Hulse (dam of Charley Champlin, 2:21¾), by Seely's American Star. He is brother in blood to Dictator, sire of Jay-Eye-See, 2:10. His one and two-year olds are fast.

AMBITION (2860) was bred by Col. R. P. Pepper at South Elkhorn Stock Farm, Frankfort, Ky., and was foaled in 1882. He is a rich blood bay in color, nearly 16 hands high, weighs 1150 lbs., is handsome, spirited and muscular, with feet, limbs, and general appearance perfect. It is admitted by all good judges that there does not exist in the United States a more richly bred young horse. His trotting inheritance for four generations on side of sire and dam is perfect. All of his ancestors for three generations have either been able to trot in 2.30 or better, or have been producers of 2.30 speed, and most have been both.

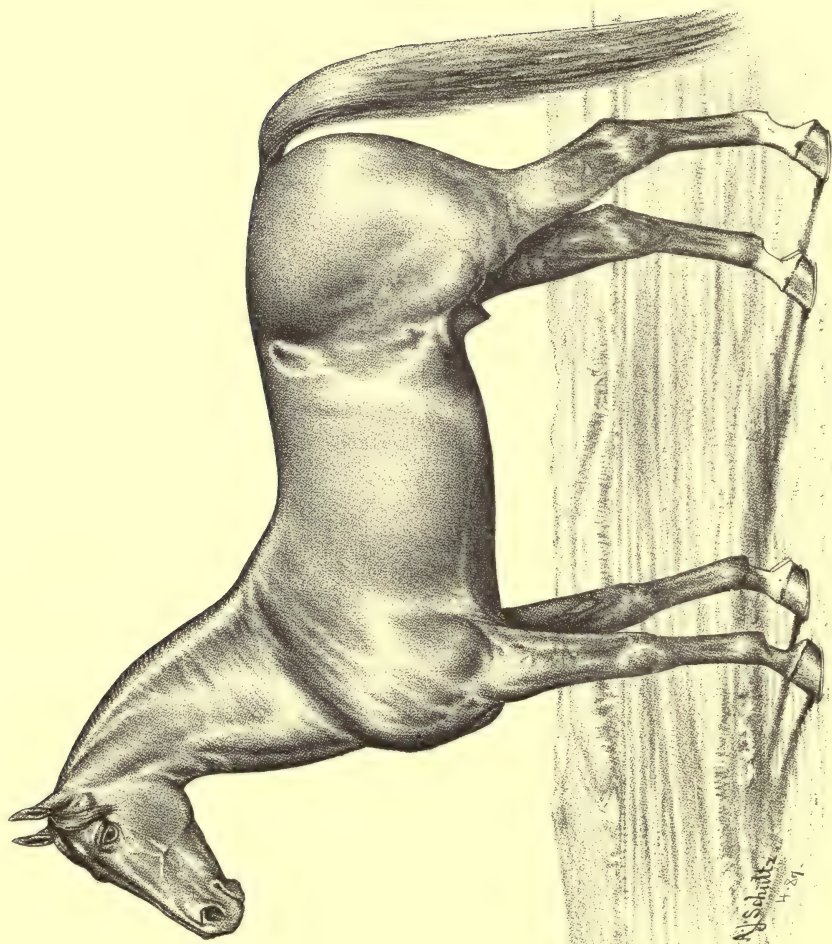

The terms of service for **AMBITION** are \$50 for the season, with the privilege of returning the following year such mares as do not prove in foal, or a substitute. One dollar (\$1) per week will be charged for keeping mares to grass, and \$2 at hay and grain, or \$75 per year. All accidents at owner's risk, but great care taken to avoid them.

SIR WALTER, 2:24.

STANDARD UNDER ALL RULES.

SIR WALTER.

Record 2:24¼.

STANDARD UNDER ALL RULES.

SIR WALTER is a dark chestnut stallion, 16 hands high, sired by Aberdeen, dam Lady Winfield, by Edward Everett; second dam by L. I. Black Hawk; third dam by Exton Eclipse, son of American Eclipse. Aberdeen is by Rysdyk's Hambletonian, dam Widow Machree, by Seely's American Star.

The only ones of Sir Walter's get that have started in a race are: Sir Walter, Jr., five-year-old record 2:18¼, made in 1887; Lucy Walter, the first of his get, record 2:30 over a half mile track; and Jessie Walter, record 2:34¼.

LOUISVILLE.

Standard-bred. By Pancoast. Dam Ella Thomas, by Gen. George H. Thomas, sire of Scott's Thomas (2:21); second dam Fanny Miller, by Jim Monroe, sire of Monroe Chief (2:18¼) and Kitty Bates (2:19); third dam by Edwin Forrest, sire of the dam of So-So (2:17¼) and Mambrino Dudley (2:19¾).

Louisville is a bay colt, of high form and finish, greatly resembling his sire, and, though untrained, his pure and excellent gait shows that he is a natural trotter. He is individually as grand a colt as his high breeding indicates. His sire, Pancoast, is the sire of Patron (2:14¼ at five years old).

STALLIONS FOR 1888.

FAVORITE WILKES (3257).

(Picture faces Page 36.)

Standard. Record 2.25½. Bay stallion, 15½ hands high; foaled 1877. Limited to twenty mares, at \$100 the season. By George Wilkes, record 2:22. First dam Favorite (record 2:34 at five years old), by Alexander's Abdallah (sire of Goldsmith Maid, record 2.14); second dam Betty Peebles, by Wagner, the celebrated four-miler.

This magnificently bred stallion has already shown his ability to beat 2.20. His dam could beat 2:30, as a four-year-old, over twenty years ago. His grandam, Betty Peebles, although strictly thoroughbred, is the dam of Joe Downing, the sire of Abe Downing, record 2.20¾. She is also the dam of Jim Monroe, the sire of Monroe Chief (2.18¼) and Kitty Bates (2.19). His conformation, gait, and disposition are perfect, and breeders sending him approved mares will be justified in expecting the highest results.

VIRGO HAMBLETONIAN (3300).

Foaled 1865. The sire of Charlie Hogan, record 2:18¼. Stands at \$50 the season. By Rysdyk's Hambletonian. First dam Virgo, by Roe's Abdallah Chief; second dam Catbird, by Whistle Jacket, son of Mambrino; third dam the Lyon Mare, by the Bertholf Horse; fourth dam by Duroc, bred by Smith & Felton, New York City.

ENGINEER.

Standard. Brown horse, 15¾ hands high; foaled 1885. By Electioneer, 125. First dam Winona, by Almont, 33; second dam Dolly, by Mambrino Chief, 11. Dolly is the dam of Director (2.17), by Dictator; Thorndale (2.22¼), by Alexander's Abdallah; and Onward (2.25¼), by George Wilkes.

Will be allowed to serve ten approved mares at \$100 each, payable at service.

CUNARDER.

Standard. Bay horse, 15¾ hands high; foaled 1885. Full brother to Charlie Hogan, record 2.18¼. By Virgo Hambletonian. First dam Seabolt, by the Wacker Horse.

ATTRACTION.

Brown Horse; foaled 1885. By Alcantara, 729. Record as a four-year-old 2:23. By George Wilkes, 519; record 2:22. First dam Jane Loomer, by Dick Loomer, record 2.32¼, son of Dictator, 113; second dam Lady Jane—dam of Harry Pelham, record 2.28½—by Hambletonian, 10; third dam Alderman Barr's mare, by the Morse Horse, 6.

Will be allowed to serve ten mares at \$50 each.

CHARLEMAGNE.

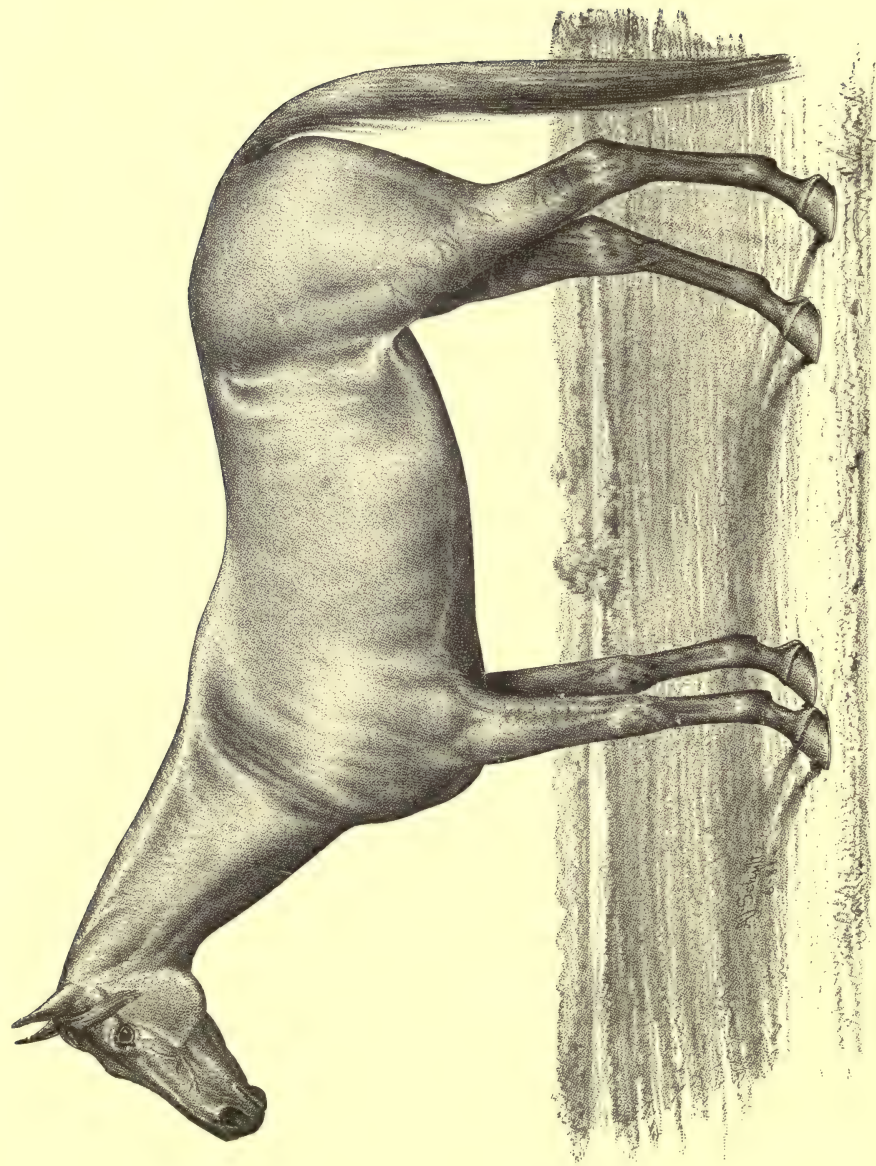

Imported coaching stallion, 16¼ hands high, bred in France; foaled 1880; weighs 1,400 pounds. By Regret.

This is one of the finest coaching stallions ever imported into this country. His color is a rich seal brown, his disposition is perfect, with superb trotting action. Will make the season at \$25, payable at time of service, with the usual privilege of return.

ANNOUNCEMENT.

NEW YORK, April 1, 1888.

THE publication of this fourth Supplement to "Chester's Complete Trotting and Pacing Record" has been somewhat delayed, chiefly because of the existence of both the National and American Trotting Associations, and the necessity of making comparisons with the official records at the Detroit as well as at the Hartford office. Besides, the establishment of the Western Association, and the spirit of rivalry between the two, if it has not augmented the number of trotting and pacing races, has certainly brought more tracks into membership with one or the other allegiance than the National alone ever had, and caused a corresponding increase in the volume of reports which a careful compiler in this peculiarly dubious field of statistics is obliged to scan with the closest scrutiny if he would approximate accuracy in his work. Yet the Supplement makes its appearance, not much behind time, and I trust that it will be found fully equal to any of its predecessors in correctness and completeness.

The price of the works is now fixed as follows, there being the parent volume of about 1,000 pages, bound in half Turkey morocco, complete to the close of 1883, and supplements for each of the years 1884, 1885, 1886, and 1887 :

CHESTER'S COMPLETE TROTTING AND PACING RECORD.

SUPPLEMENT FOR 1887.

EXPLANATION.

The names of horses in black type, arranged in alphabetical order, are those of the winners of the races, and under each horse's name the races won by him appear in chronological order. All races are trotting, mile heats, best three in five, in harness, unless the contrary is shown by the time, stated at the conclusion of the summary, or a different way of going indicated by proper signs. After the name of the winner appears his description, as "b s," for bay stallion, "br g," for brown gelding, "gr m," for gray mare, etc. The following figures, in heavy type and in parentheses, show the best record of the horse to the close of the year 1887. Then follow the pedigree of the winner, when known; the name of the nominator, place and date of race, amount of money trotted for, and the name of the horses beaten, in the order of their standing at the close of the race, and last comes the time of the heats. The ordinary signs are used to denote the incidents and casualties of the race. Thus, the character "0" in connection with a number in a bracket indicates that the horse whose name that sign follows made a dead heat in accordance with the number, viz.: (3 0) signifies third heat dead. The abbreviation "dr" signifies drawn; "dis," distanced; "r o," ruled out; "w o," walk over," etc. Figures following the name of a beaten horse show that he won the heat or heats corresponding with the number. When the letter "w" follows the name of a horse, it signifies that he went to wagon; "c," that he went to cart; and the letter "s" that he went under saddle. In cases where a horse has a record to harness, or wagon, and a faster one under saddle, both are given. When an asterisk (*) is attached to the figures usually denoting a record, it signifies that the time, being over a short track, is a bar and not a record. The summaries preceded by dashes (—) are subsequent victories of the horse whose description and record have been given, and in these, if the name of nominator, or of place of trotting, or of both of these, are not given, it signifies that they are identical with those of the race immediately preceding. It sometimes happens that a horse winning as a stallion wins later as a gelding, in which case the castration is shown by the change in the description; but there being no renewal of the name, it will be understood that it is the same horse under changed conditions. In order to keep them of record, losing performances against time are given under the name of the losing horse, as a part of his history, and the fact that he lost is mentioned in the summary. The numerals at the right of the printed pages divide them into blocks of ten lines each, for convenience of reference in the Index of Beaten Horses, and the reader is referred to the explanation preceding that Index.

TROTTING AND PACING INFORMATION.

In connection with the compilation of his statistical works, the undersigned has a very large correspondence, and is kept well posted—perhaps better than any other man in the country—in regard to the pedigrees and performances of the trotting and pacing stock of the country. Any facts not known to him are yet accessible, because of the reliable correspondents he has in all parts of the United States and Canada. People are frequently at a loss to obtain information that the undersigned can readily supply, and letters to the sporting papers involve a delay before the answer is received, and the replies are frequently unsatisfactory. The ready way to obtain speedy and correct information is to write to the compiler of this work enclosing a fee of \$1, and the answer will be sent by return mail, if possible, and if not, as soon as the facts can be ascertained.

Pedigrees of trotters or pacers will be traced and tabulated at reasonable charges, the amount depending upon the difficulties involved and the style in which the pedigree is to be prepared.

Breeders desiring to issue catalogues, either for stock or sale purposes, can make arrangements with me for the entire work, printing, press-work, and binding included, and satisfaction guaranteed.

Cases conducted before the Board of Review, horses bought or sold upon commission, etc. All dealings in strict confidence.

WALTER T. CHESTER,

P. O. Box 1021, New York City.

INDEX TO BEATEN HORSES.

In the following Index the names of horses who trotted or paced during the year 1887, and were beaten in any of their races, appear in alphabetical order. The figures in parentheses following the descriptions of the horses denote their best records to the close of 1887. Pedigrees are given when known, and not to be found in the body of the book in connection with the name of the horse as a winner. The ensuing figures denote the pages of the book in which the trotter or pacer performs as a beaten horse, and the smaller "superior" figures indicate the particular section of a page in which to look for the name, these corresponding to the side notes on the page containing summaries. When a page reference is enclosed in parentheses, the best record of the horse will be found in the page and section to which reference is thus made. In the frequent cases where a faster record is ascribed to a horse than appears in this volume, the information as to when, where and under what circumstances it was made, can be found in earlier volumes of Chester's Complete Trotting and Pacing Record.
